A YEAR END MESSAGE FROM TRACEY FRASER, GENERAL MANAGER:

As we come to the close of 2022, and reflect on the ups & downs of the year, I'd like to take this opportunity to thank everyone for their support. The ongoing labour market challenges & talk of a recession in 2023, makes it difficult to determine what we might expect in the upcoming year.

We take comfort in knowing that we are privileged to work in an incredibly supportive community and are part of a connected network of service providers in New Westminster. From programs for youth, seniors & people with disabilities, service providers come together to provide support for our most vulnerable residents. We're so glad to be part of this group of organizations & look forward to strengthening our partnerships in community.

To all our clients, we truly appreciate your patience as we work through the challenges this year of emerging from the pandemic. Your adaptability in meeting with us virtually & in-person has not gone unnoticed & we thank you. It's been a very busy time at the centre. We've worked with over 1200 clients on job search, training needs & job starts, in addition to connecting with the community at a number of events & various outreach locations.

And finally I am so grateful for the hard working staff at the centre. Please know that I appreciate your commitment & passion for helping clients and working together as a team. It is through your hard work that we have been able to accomplish all our successes. 2022 was a transition year, moving from virtual to in-person services and you didn't skip a beat. You are an amazing team to work with & I appreciate all you do.

Wishing everyone a successful 2023 filled with Peace & Joy. ~ Tracey
